**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

Each item of information contained in this SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT BY APPLICANTS was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT BY APPLICANTS.

CN1041271 discloses an oil-fume extractor hood for kitchen comprising a ventilator installed in a hood housing 2, wherein a side plate 8 of the ventilator housing and the top plate of the hood housing 2 are formed by one common plate, so as to save components and damp vibrations.

CN2475955Y discloses a quick dismounting device for a oil-fume extractor hood comprising a ventilator surrounded by a U-shaped rail 21 with fasteners 22 arranged on both

sides, wherein a cover hood 30 could be engaged onto the rail 21 with its corresponding fasteners 40 engaged with the fasteners 22 on the rails 21.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" is included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicants. As per the Notice in 1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted

Russell W. Warnock
